SUMMARY

Full-Stack Developer with 3.6 years of experience building scalable web applications using TypeScript, React, Next.js, Node.js, NestJS and PostgreSQL. Experienced in developing responsive user interfaces, designing RESTful APIs, and delivering end-to-end features across frontend and backend systems. Strong focus on clean architecture, performance optimization, maintainable code, and building user-centric solutions in Agile environments.

EXPERIENCE

Sheshi Pvt. Ltd

Sept 2022 - Apr 2026

Software Development Engineer - 2 | Bengaluru, India

- Owned Admin and Organization-level modules, developing backend services and data workflows using NestJS, PostgreSQL, and Redis and supporting frontend integrations.
- Developed 40+ RESTful APIs using NestJS, Node.js, and PostgreSQL to support multi-level data management workflows.
- Designed and maintained 30+ database tables, handling schema updates, data migration, and automated data synchronization across application levels.
- Engineered and optimized backend services using NestJS and Redis caching, significantly reducing response times for data-intensive APIs.
- Developed and integrated frontend features using React, Next.js, Tailwind CSS, and Material UI to support multi-level business workflows.
- Delivered production features, bug fixes, and module enhancements while owning development and support of critical business workflows.

PROJECTS

Assets Manager

A full-stack financial portfolio management web application built with React, TypeScript, and Supabase.

- Implemented secure JWT-based authentication and Row-Level Security (RLS) for robust data isolation and user-level access control.
- Designed real-time analytics dashboards with growth tracking, category-wise insights, and comparison tools.
- Implemented serverless APIs using Supabase Edge Functions and optimized data fetching using React Query.
- Created a responsive glass-morphism UI with dark/light theme support for enhanced user experience.
- Tech Stack: React, TypeScript, Tailwind CSS, Shadcn/ui, FramerMotion, Recharts, Supabase

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript

Technologies: React.js, Next.js, Node.js, NestJS, PostgreSQL, Vue.js, Express.js, MongoDB

Tools & Libraries: Tailwind CSS, Material UI, Vuetify, Redux, React Query, Git, GitHub, Postman, Supabase

Concepts: RESTful APIs, Authentication & Authorization, Database Design, Redis Caching, Agile Methodology, Scalable Architecture

EDUCATION

Masai School

Sept 2021 - Aug 2022

Full-Stack Web Development Program | Bengaluru, India

Sri Dhavala College

June 2015 - May 2018

Bachelor of Commerce | Moodabidri, India
